

Project Title: Arts Internship Program

Project Summary *(150 words maximum)*

The Arts Internship program has expanded the range of enriched educational opportunities for Arts students. Continuing our efforts from year one and two, the program has connected Arts students with approximately 150 part-time volunteer internship opportunities, primarily in the non-profit sector. Over a single term, students intern from 8-12 hours per week and are provided with training and resources to support their learning goals. Pre-internship training, career development workshops, post-internship reflection and resume development are the core learning components of the program. Overall, the Arts Internship Program is designed for Arts students who have completed their first year who want to participate in an enriching educational program to gain experience related to their career goals and develop their professional skills.
